

CYCLONE BRAZED STOCK REMOVAL WHEEL

Details:

- Fastest way to shape a radius on the outside edge or remove material from a sink cut out
- Vacuum brazed, wet or dry use
- Comes with center water feed
- Small diameter available in 30 grit only. Use caution when using 30 grit on ultra compact because it may be too aggressive on some.

Item #	Size [L x W]	Grit	Fitting	Max RPM
SRVB2038	2" x 3/8"	Coarse 30	5/8" - 11 thread	4,000
SRVB2034	2" x 3/4"	Coarse 30	5/8" - 11 thread	4,000
Larger Diameters Available				
SRVB236	2" x 2"	Coarse 30	5/8" - 11 thread	4,000
